

# SEE US SHINE

**Words and Music- Michael McLean and John Batdorf.**

Someone shows some kindness, Someone gives their time,  
Someone helps a neighbor, See us shine  
Someone lifts a brother, As he falls behind  
Someone shares his burden, See us shine

See us shining, everywhere, Every color, Every kind  
At the dawning of a brighter day. Hope will lead the way and  
See us Shine

Someone breaks a record, someone beats their time.  
Someone's shaking hands now, See us shine

See us shining everywhere, Every color, Every kind  
At the dawning of a brighter day. Hope will lead the way and  
See us Shine

And it doesn't matter where you are—someone will be shining.  
Reaching out and lifting higher, Let's feel the fire and  
See us shine.

Someone goes the distance, Someone's far behind  
Someone's there to cheer them, See us shine

See us shining, everywhere, Every color, Every kind  
At the dawning of a brighter day.  
Hope will lead the way and See us Shine! (Repeat 2 more times.)
